

VPM220 VACUUM PACKAGING MACHINE

Use it vertically

Or horizontally

The SKYFOOD VPM220 Vacuum Packaging Machine is compact, versatile and easy to use making it an essential tool in any operation. Chamber vacuum sealers are ideal for packaging perishable products, increasing their shelf life. To maximize its use the versatile VPM220 can be used vertically or horizontally. Vertically for packaging grounded coffee and other powdered products in metallized bags as well as creams, pulps and others, and horizontally for packaging meats, cheeses, fishes and many other products. Cristal clear lid makes it easy to see and monitor the vacuum process. Stainless steel chamber easy to clean. This unit is ideal for small restaurants and markets, coffee shops, delis, hunters and fishermen and similar applications.
